The Lord is My Shepherd Mac/Win CD

A collaboration between Marblesoft and Branch of the Vine software, The Lord is My Shepherd is an interactive version of the 23rd Psalm, featuring beautiful artwork and original music. It incorporates the principles of Universal Design, and is designed to reach all users with the message of God's love for them.

Each line of the Psalm is illustrated and animated. As the narrator reads aloud each screen, the corresponding text is highlighted, engaging early readers. Music and song help make this program appealing.

Dozens of options allow the program to be customized for any user, from auto-play to cause and effect to full interaction. It can be controlled with mouse, keyboard, touch screen, or switches. Early readers and switch users page through the story at their own pace, stopping to repeat the narration, play with the animation or just enjoy the rich scenery and soothing sounds. A beautiful, rewarding experience for learners of all ages.
