### **Branch of the Vine Software, Ltd., introduces their first ever release of interactive Christian software for people with intellectual and developmental disabilities**

(Milwaukee, Wisconsin – March 2011) – Branch of the Vine Software, Ltd., announces the release of their introductory CD title “The Lord is My Shepherd” for people with cognitive and intellectual disabilities.

“The Lord is My Shepherd” is a beautiful illustration of the 23<sup>rd</sup> Psalm featuring colorful animation and original music score on every screen, creating for the user a dynamic interactive encounter for learning of God’s great love, mercy and protection through this one-of-a-kind experience.

Developed by a Speech Pathologist in the Assisted Technology Industry, this software is both accessible and operational for a broad spectrum of cognitive challenges and levels of severity.

Branch of the Vine Software is a 501(c)(3) non-profit organization dedicated to creating and distributing accessible Christian software for individuals with cognitive impairments and intellectual challenges. Their software presents basic truths from the Bible, making the gospel clear to those who cannot read or may have difficulty attending church.
